Prices Up-Theodore Price a Bull and Reported Buying-Shorts Cover-Spot Interests Buying.

There may be too many shorts. Bulls have been taking a sort of census and are inclined to that opinion. Can they be made to cover?
That is what the bulls are evidently endeavoring to find out. Yesterday they put up prices here, though Liverpool and Alexandria, Egypt, were drawbacks. Egypt and the

to an Adjoining Gwener—The Buysing by Small Investors Keeps Up.

A site of some historical interest figured in a long term lease reported yesterday. It is at the northeast corner of Fulton and Water streets and contains three five story brick buildings erected in 1831. They replaced a two story peaked roof shop, the yard of which extended down to the river. In this shop Robert Fulton built part of the machinery for the Clermont. The present buildings were used originally by the Astors for the storage of skins and furs.

The property was leased yesterday by William Cruikshank's Sons for the Rhinslander estate to F. A. Cauchois & Co. for twenty-one-years, at anter rental aggregating about \$130,000. The buildings were evidently meant to last and are perhaps as strong today as they were three-quarters of a century ago. The beams, set five inches apart, are of white oak hewn with an adz.

Another transaction of interest reported yesterday was the purchase of the southeast corner of Fifth avenue, and Thirty-eighth street by Elizabeth M. Anderson. The seller is Felix Isman, who obtained a contract of purchase on the property about a year ago from the Andrews estate, but has not taken title. According to report Mr. Isman agreed to pay \$660,000.

The rest of the day's brokerage business was made up of about a dozen transactions, mostly in dwellings, flats and tenements. The budget confirmed the favorable impression made by the brokerage news of the preceding day.
